

INTRODUCTION

Prolite Paints (ISO 9001:2015) has been in the paint industry since 30 years. We are an MSME approved micro scale unit located in Behala Industrial Estate, Kolkata. The company was established by Shri Vijay Sharma (Proprietor) in 1997. It is currently run by Shri Vijay Sharma ji and his son, Shri Akash Sharma ji. Having excellent knowledge and experience in the paint industry, we always strive to follow fine trade policies, transparency in money transactions and maintain high quality of products. All these points are the base of our success achieved in the market.

We have annual turnover Rs.6-8 crore across all markets.

Our paints are known for their quality, price and eco-friendly nature. We are one of the leading manufacturers, suppliers and exporters of a wide range of paints in the commercial, industrial, decorative and domestic sector. We boast of a substantial market share in Eastern India. The advantage any company gets by using our products is that we can tailor make and customize the product according to our client's specification and needs. **We are also the sole Defence Research Development Organization (DRDO) approved manufacturers in eastern India for multi spectral camouflage paints and camouflage infrared paints. These are highly specialized paints used by the Indian Defence.**

LIST OF PLANT MACHINERY:

SL.NO	TYPE OF MACHINE	SIZE (Feet)	UNITS	BATCH QUANTITY (Kg)
1	Ball Mill	3 by 3.5	3	600 each
2	Ball Mill	4 by 4.5	4	1000 each
3	Ball Mill	2 by 2.5	2	400 each
4	Ball Mill	5 by 5.5	1	2500 each
5	Attritor / Bead Mill	2 by 2	2	300 each
6	Mixer		3	400 each

QUALITY ASSURANCE PLAN

We are backed by our quality control unit that help us in offering an extensive range of paints to our clients, which meet industry standards and norms. We make sure that our range is free from any defect, and ideal for use. Our quality experts keep a close eye right from procurement of raw materials to the final dispatch of finished range. Furthermore, they test our range on various parameters to assure its durability and reliability. Our lab is equipped with all the modern instruments and testing methods employed in the international paint industry.

We have qualified and certified professionals trained from the CSIR (Council of Scientific and Industrial Research) - CECRI (Central Electrochemical Research Institute) in specialty coatings. CECRI is the premier R&D institute of the Government of India. Our employees also come trained from the Integrated Training Centre Haryana for Entrepreneurship Program under Ministry of Industries, Department of Industrial Development Govt. of India.

OUR TEAM

We are backed by a competent team of dedicated professionals (employee strength around 30 people), which help us in offering customized range of paints to our clients at industry leading prices. These personnel are committed to achieve the maximum satisfaction level of our clients, by providing extensive range of paints to them. We provide regular training sessions to our team members that help them to keep abreast with industry enhancements. Moreover, with the help of our sales and marketing executives, we fulfil the bulk requirement of our clients in a best possible manner.

Our team comprises: chemical engineers, electrical engineers, chartered accountants, quality controllers, laboratory chemists, warehouse and packaging experts, sales and marketing executives.

Our competent workforce is backed with a huge industry experience. This helps us in delivering customized range of paints within committed time frame to our valued patrons. Similarly, we have a well-maintained manufacturing unit, where we produce paints in large quantity under all circumstances. Also, our production standards are abided with set industrial norms and every product is tested prior to final delivery to the client-end. Moreover, our experts make use of supreme quality raw materials in procuring diverse range of wall paints and primer. Keeping in mind the satisfaction of customers, we offer these ranges at affordable prices. Our provided products are appreciated globally for their flawless texture, colour quality, attractive range and appealing finish.
